DIARY NOTES

ADD/A

31 March 1953

1. Walter Pforzheimer reports that Mr. Hyde of Roger Jones Office, Bureau of the Budget, telephoned to suggest that Mr. Dulles discuss our general Legislative Program with Mr. Dodge when he sees him tomorrow. Mr. Wolf has been advised and has asked Mr. Pforzheimer to brief him tomorrow morning.

2. I gave Gene Wilhelm the request of the OCD Library for the reproduction of one hundred copies of Mr. Dulles' book, "Germany's Underground", and asked him to insure us, on behalf of the DD/I, that this was a bonafide request which could be justified in every respect.

4. Requested [REDACTED] to insure that the necessary papers were prepared by tomorrow to swear in [REDACTED] as a consultant and, also, that [REDACTED] signed whatever papers were necessary to insure that he received pay as a consultant for tomorrow.

5. Bob Lefebvre of the Government Printing Office telephoned to say that the courier service for the NIS Program had broken down again. In a recent case his office received a map on Monday which had left the NIS Office on Thursday; the reproduction deadline was Tuesday. Bob said that this might be an extreme example but that this type of thing had happened before. He has mentioned the problem to [REDACTED] office without results. Unable to reach [REDACTED] I talked to [REDACTED] and told him to investigate the matter immediately and make a report.

6. Gene Wilhelm [REDACTED] were down to discuss the quarters situation [REDACTED] Apparently they have two fairly senior employees on the Strategic Group there who are most unhappy because of the difficulty in obtaining adequate quarters. After discussion of our new Regulations (which should have left for [REDACTED] by this time, but which, I find, left here only a few days ago) we agreed that the Senior Representative had all of the authority we could give him to solve the problem if houses were to be had. They will let me know if there is anything further they think we should do.
